DETAILED ACTION

1. According to paper filed on May 20, 2009, the applicants have amended claims 1-11, 16, 17, 19 and 20.
2. Claims 1-20 are pending in the application. Claims 4, 10, 11 and 20 remain withdrawn as being directed to non-elected inventions.

Response to Arguments

3. Applicant's arguments filed on May 20, 2009 have been fully considered but they are not persuasive. The examiner does not agree with the applicants arguments that claims are definite without presence of formulae for Zinc pyrithione. The applicants mention that Zinc pyrithione can be expressed by formulae (II), (III) or (IV). Therefore, applicants need to include these formulae in claim 1, specifically in view of restriction since M has to be Zinc. The applicants did not address the objection for containing non-elected subject matter at all in their response.

Conclusion

4. Rejection of claims 1-3, 5-9 and 12-19 under 35 U.S.C. 112, second paragraph is maintained for the reasons of record.
5. Objection of claims 1, 2, 5-7, 9 and 12-17 for containing non-elected subject matter is maintained for the reasons of record.
6. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within

TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
